Overview

This call is open only to those who were successful at the outline stage of the Responsive Manufacturing call and have been invited to submit a full proposal. The EPSRC Manufacturing the Future Theme will provide up to £10 million (research council contribution) to support a portfolio of Responsive Manufacturing research projects.

Assessment process

Invited full proposals will be assessed by postal peer review, followed by assessment at a prioritisation panel, resulting in a rank ordered list. Funding decisions will be made in March 2021.
