## How to apply

### Consolidated grants

The next theory consolidated grant review will take place in 2022.

Full details are on the [Particle physics experiment grants guidelines document \(PDF 325KB\)](#).

Further information can be found on our [how to apply for research grants page](#).

### New applicants scheme

This scheme is intended to provide support for newly appointed academic members of staff (lecturers or lecturer equivalent fellows) who have joined a department between grant

reviews.

For more information see the [new applicants scheme section \(PDF, 72KB\)](#) of the [research grants handbook](#).

## Conference and short course applications

Applications can be made at any time for contributions to the cost of organising conferences and workshops that are hosted in the UK, and within the Particle physics grants panel's area of interest.

Applications should include the following information:

- the proposed programme and list of speakers
- the likely benefits to the UK Particle Physics community of holding the conference or workshop
- a budget setting out both costs and income, based on estimated attendance and contributions from other sources (both guaranteed and requested).

For an application form, please contact Jane Long: [jane.long@stfc.ukri.org](mailto:jane.long@stfc.ukri.org)
