Freedom of Information request: 2018/0012 IUK

Thank you for your Freedom of Information request received on 14th January 2019 in which you requested the following:

Your Request:

Dear Innovate UK,

Please can I have the following information for all closed Open Programme rounds to date:

- Number of Registrations
- Number Submitted
- Number Awarded
- Average Project Size
- Average Grant Amount

If you could please separate this by duration categories that would be much appreciated.

Our response:

I can confirm UK Research and Innovation hold information relevant to your request.

The information you have requested is attached. However, please note the following:

Number of registrations: Applicants no longer have to register for competitions as was our previous process. As this is the case we could not provide the number of registrations. In lieu of this we have added the number of applications that were started.

Unfortunately, we are unable to divide the number of projects started by duration as the data is specified by the applicant in the body of the application. To explain further, to gather this information we would have to go individually into 8875 applications and manually record the duration of the project. We estimate that the cost of complying with your request would exceed the appropriate statutory limit as specified in the regulations of the FOIA; for UKRI (and therefore Innovate UK) it is set at £450.

We estimate that it will take us in excess of 2.5 working days to locate, retrieve and extract the information in reference to your request. Consequently, Innovate UK is not obliged under Section 12 of the FOIA to process this section of your request further.

If you have any queries about this response please contact me, or if you are unhappy with the service you have received in relation to your request and wish to request a review of our decision, please write to:
