

22<sup>nd</sup> May 2019

Dear [REDACTED],

**Freedom of Information request: 2019/0104**

Thank you for your Freedom of Information request received on 4 May 2019 in which you requested the following information relating to the *MRC Review of Clinical Trials (2017)*:

**Your Request:**

Following request FOI 2018/0224 and a subsequent internal review, the MRC released a file listing clinical trials funded by MRC:

[https://www.whatdotheyknow.com/request/institutions\\_and\\_pis\\_who\\_failed#incoming-1353396](https://www.whatdotheyknow.com/request/institutions_and_pis_who_failed#incoming-1353396)

Please provide the trial ID number for every trial that is marked as registered in that file.

- Please do this by adding an additional column to the original file, and provide the completed file in .xlsx format.

- Please include only the registry ID number in the additional column (e.g. XXXX-XXXXXX-XX for EudraCT registered trials, or the NCT or ISRCTN number).

- If MRC is aware that a trial was registered on more than one WHO primary registry, please provide all known registry numbers for that trial in the column.

**Our response:**

I can confirm UK Research and Innovation does hold information relevant to your request.

An excel spreadsheet containing the clinical trial registration numbers held by the MRC is provided with this response as *UKRIFOI2019-0104 MRC Clinical Trials Review 2017 registry numbers\_ 13052019*. As studies are often reported in more than one register we have included additional columns for each register entry (column E-H). These columns detail any registry ID numbers for each award, which the Medical Research Council is aware of and include (where held) the ISRCTN number, EudraCT registration and/or the ClinicalTrials.gov NCT number.

Please note, that in reviewing the data for your current request, we have updated the status (in column C) for four grants listed in the response to your previous request (*UKRIFOI0224 MRC Clinical Trials Review 2017 - research organisation updated 21122018*). It has been confirmed that three of these grants do not include a trial, for the remaining grant the trial has not yet started and is not yet registered.

If you have any queries regarding our response or you are unhappy with the outcome of your request and wish to seek a review of the decision, please contact:
