

SBRI improving hip fracture outcomes using data, phase 1

Opportunity status:	Open
Funders:	Innovate UK
Co-funders:	Scottish Government through Health Innovation South East Scotland
Funding type:	Other
Total fund:	£45,000
Publication date:	8 February 2021
Opening date:	1 February 2021 09:30 UK time
Closing date:	31 March 2021 11:00 UK time

Last updated: 8 February 2021

See the [full opportunity details on the Innovation Funding Service](#).

The system must optimise complex patient care pathways to deliver hip fracture care according to national care standards.

Any adoption and implementation of a solution from this competition would be subject to a separate, possibly competitive, procurement exercise. This competition does not cover the purchase of any solution.

Successful applicants will receive funding, as well as guidance from NHS Lothian, University of Edinburgh and access to the DataLoch repository of health data for South East Scotland.

Eligibility summary

This is phase 1 of a potential 2-phase competition. A decision to proceed with phase 2 will depend on the outcomes from phase 1 and assessment of a separate application into a subsequent phase 2 competition.

Only successful applicants from phase 1 will be able to apply to take part in phase 2.

In applying to this phase 1 competition you are entering into a competitive process.
