

# Pre-announcement: experimental medicine grants: Sep 2021

<b>Opportunity status:</b>	Open
<b>Funders:</b>	<a href="#">Medical Research Council (MRC)</a>
<b>Funding type:</b>	Grant
<b>Total fund:</b>	£10,000,000
<b>Publication date:</b>	9 February 2021
<b>Opening date:</b>	15 July 2021
<b>Closing date:</b>	9 September 2021 16:00 UK time

*Last updated: 9 February 2021*

Apply for funding to investigate the causes, progression and treatment of human disease.

Your project must:

- include an experimental intervention or challenge in humans
- focus on addressing mechanistic questions
- be academically led.

You must be based at an eligible UK research organisation. In addition to our usual eligibility criteria, you can apply if you hold a fellowship or lectureship.

There is no limit to the amount of funding you can apply for or the length of your project.

We will fund 80% of your project's full economic cost.

This is an ongoing scheme with an annual budget of £10 million. Application rounds open every six months. The next round open for applications is [experimental medicine grants: Apr 2021](#).
