

UKRI Future leaders fellowship sift outcomes round 1	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for interview.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may well be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for interview.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for interview.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

UKRI Future leaders fellowship sift outcomes round 2	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for interview.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may well be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for interview.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for interview.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

UKRI Future leaders fellowship sift outcomes round 3	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for interview.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may well be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for interview.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for interview.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

UKRI Future leaders fellowship sift outcomes round 4	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for interview.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for interview.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for interview.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

UKRI Future leaders fellowship sift outcomes round 5	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for interview.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for interview.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for interview.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

UKRI Future leaders fellowship interview outcomes round 5	
Band	Descriptor
A	These candidates are judged to have addressed all of the assessment criteria and show evidence of the highest standards and obvious added value from FLF award. They are a priority for investment.
B	These candidates are judged to have addressed all of the assessment criteria and are of a high standard, and may well be candidates that would be competitive for investment from other schemes. They should be considered for interview but are not prioritised.
C	These candidates adequately address all of the assessment criteria but are not of the highest quality across the criteria. They are the lowest priority to consider for investment.
D	These candidates failed to adequately address one or more of the assessment criteria and are not recommended for investment.

N.B. Proposals are listed in numerical order within bandings. Proposals were not ranked within bandings.

Grant Reference	Grant Holder	Research Organisation	Project Title	Call	Banding at interview
MR/T041226/1	Oliver Mytton	University of Cambridge	Generating evidence to inform policies to prevent childhood obesity	UKRI FLF R4 Nov 2019	A
MR/V021087/1	Emily Draper	University of Glasgow	Design of Organic Electronic Materials using Predictive Modelling	UKRI FLF R5 Jun 2020	A
MR/V021117/1	Esther Garcia-Tunon	University of Liverpool	Smart formulations for manufacturing of functional three-dimensional hierarchical structures	UKRI FLF R5 Jun 2020	A
MR/V021141/1	Viktoria Spaiser	University of Leeds	Understanding Normative Change to Address the Climate Change Emergency	UKRI FLF R5 Jun 2020	A
MR/V021354/1	Vivek Soundararajan	University of Bath	Dignity-Led Supply Chain Management: A Cross-Country and Cross-Industry Study of Workplace Dignity in Supply Chains	UKRI FLF R5 Jun 2020	A
MR/V021362/1	Daniel Loughran	University of Bath	Geometric Analytic Number Theory	UKRI FLF R5 Jun 2020	A
MR/V021516/1	Giulia Biffi	University of Cambridge	Fibroblast Heterogeneity, Plasticity and Functions in Pancreatic Cancer	UKRI FLF R5 Jun 2020	A
MR/V021613/1	Lyne Falconer	University of Stirling	Addressing the ability of marine aquaculture to respond to climate change using systems thinking and precision-based frameworks	UKRI FLF R5 Jun 2020	A
