

How to apply for guarantee funding for European Research Council (ERC) Synergy Grants 2023

Successful ERC Synergy 2023 grantees to be hosted at UK-based organisations can now submit their project as submitted to the ERC call to UKRI to request funding. Please only do so with prior agreement from UKRI, as only some UK participants will require guarantee funding. Please register through the **'Horizon Europe Guarantee ERC Synergy Grants 2023 (invite only)'** call in the Joint electronic System (Je-S).

Please note that all grants funded through this submission process will appear as Engineering and Physical Sciences Research Council (EPSRC) grants in Je-S and on the offer document, however they will be treated as UKRI grants. More information on the branding of these grants can be found in the 'additional grant conditions' section below.

Background

The UK government has guaranteed to fund successful ERC Synergy Grant 2023 applicants who will be based in the UK to hold their ERC grant where they cannot claim funding from the ERC Executive Agency (ERCEA).

ERC Synergy grants may have one Principal Investigator (PI) based outside an EU Member State or Associated Country. Whilst the UK is not formally associated to the Horizon Europe programme, UK based PI's can apply to UKRI to cover the funding for their costs if required to ensure the project is eligible.

Grant administration

UK ERC Synergy grant guarantee awards will be administered and funded by UKRI. No further assessment of the grant will be carried out by UKRI.

Please note that ERC guarantee grants funded by UKRI will be administered according to UKRI standard research grant terms and conditions except where specifically noted in the additional grant conditions below.

Who is eligible and how to submit your details

Anyone who has confirmation of a successful evaluation for an ERC Synergy 2023 grant, covered by the guarantee as noted in [the guarantee guidance document on UKRI's website](#), may submit their project details via the [UKRI Je-S portal](#) to receive funding from UKRI for their project, subject to prior written agreement by UKRI (since only some UK participants will require guarantee funding).

To submit your details to UKRI, the host institution must be based at a Je-S-registered organisation. You can check whether your organisation is Je-S registered by selecting 'Je-S Registered Organisations' on the [Je-S home page](#). If your host institution is **not** Je-S registered and it is a higher education institute or research organisation, please liaise with your organisation's administration office in the first instance. If your host institution is an industry-based organisation that is **not** Je-S registered, then please follow the steps given in [Annex 3](#).

For any technical queries relating to Je-S, you can contact the helpdesk via email: JeSHelp@je-s.ukri.org

Before you start

To create and submit your details in Je-S:

- You must have a personal registered level Je-S account. To create a registered level Je-S account, please follow our guidance in [Annex 1](#).
OR
- The Je-S form can be created by a nominated member of staff at the applicant's research organisation and transferred to the applicant (Principal Investigator) to submit. Further guidance can be found in [Annex 2](#).

Start Date:

The timing of payments will follow UKRI's standard quarterly pay runs for research grants. You are asked to consider this when deciding the start date of your guarantee grant, which does not need to match the start date in the original ERC proposal.

Please note that the duration of the grant does need to match what was in your original proposal.

Exchange rate:

We will not accept any increase of budget from that originally applied for in your ERC application. As payments will be paid in British pounds (GBP) rather than Euros all costings will need to be entered into the Je-S form as GBP. The maximum exchange rate is listed in the [guarantee guidance here](#). Please note that the maximum exchange rate we will accept will change depending on when the ERC Synergy Grant Agreement is signed (calendar year 2023 or 2024), as described in the general guidance.

Currency conversion tool:

To convert the costs to GBP using simplified UKRI cost headings, the conversion tool template must be used and uploaded as a PDF attachment. This can be found on the ERC section of the [Horizon Europe guarantee notice and guidance page](#).

To use the conversion tool, please ensure you have completed the green cells stating the beneficiary's name and the total requested grant amount in Euros. The spreadsheet will automatically calculate the costs in GBP and under UKRI's Je-S headings on the second table, ready to be entered into Je-S.

Please ensure you save a copy of your completed conversion tool template as a PDF. This can be done whilst saving the document in Excel by choosing 'PDF (*.pdf)' in the drop-down list instead of 'Excel Workbook (*.xlsx)'.

Attachments:

Please prepare the following required attachments prior to completing the Je-S form. **These must be saved as PDF files before uploading to Je-S:**

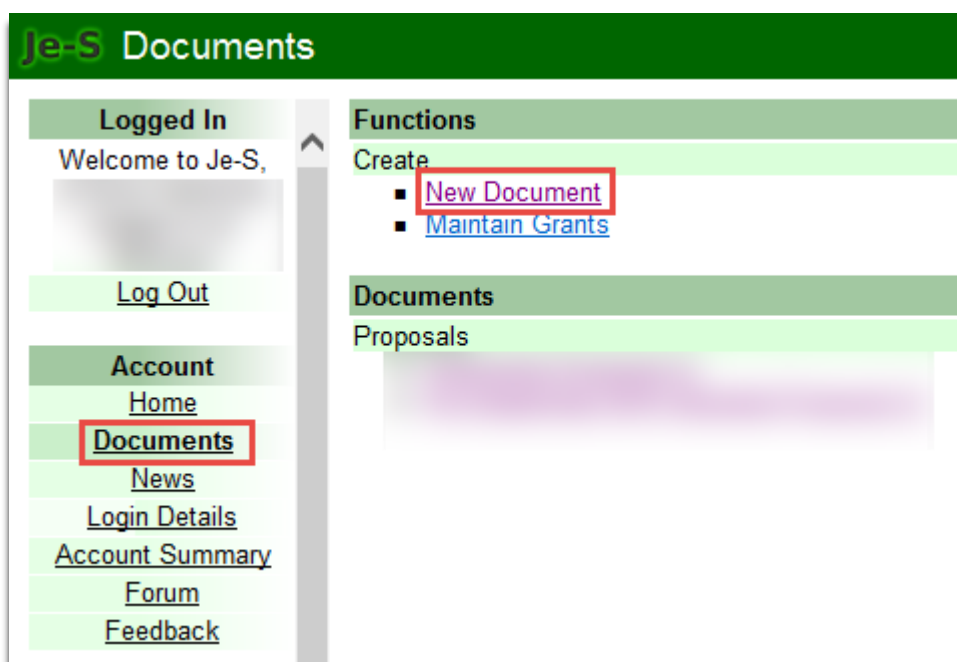

- Evaluation result letter from the ERC stating your success in the 2023 ERC Synergy grant call
- Full copy of the original proposal (parts A and B) – please note if the size of the proposal is over 10 MB you will need to reduce the size of the document before submitting it through Je-S. UKRI will need a full copy of the original proposal, so do not delete any pages, but you can reduce the size of the PDF on Adobe or it can be submitted in parts as multiple attachments if necessary
- Host institution support letter (as a separate PDF)
- ERC evaluation summary report
- Completed UKRI currency conversion tool
- Signed consortium grant agreement (showing your host organisation listed as an Associated Partner)
- If applicable, an additional letter to confirm that any other UK-based partner will be funded by ERCEA

PhD Students:

PhD student costs may be entered in the Je-S heading 'Other Staff costs'. They will remain on the research grant to allow for flexible use of resources as the project develops.

Completing the submission

Log in to the [Je-S portal](#) using your username and password and select **documents** from the left-hand menu. To create the Je-S form, select **new document** from the functions menu.

Select the following options from the drop-down menus:

- Council: **EPSRC***
- Document type: **Standard Proposal**
- Scheme: **ERC and MSCA Other Guarantee Calls**
- Call: **Horizon Europe Guarantee ERC Synergy Grants 2023 (invite only)**
- Select **create document**

*EPSRC are hosting these awards on behalf of UKRI.

Submitting your project details

If the Je-S form has been completed by the grant holder, it can be submitted by following the instructions found on our Je-S [help text page](#).

For Je-S forms completed on behalf of the grant holder, it must be transferred for them to submit as per the instructions in [Annex 2](#).

Next steps

UKRI will acknowledge the submission and conduct checks on the documents you have submitted. If the cost totals do not match the ERC proposal, or any mandatory attachments are missing, your submission will be returned in Je-S to correct these and re-submit.

Once UKRI has processed the submission, a grant offer letter will be issued containing UKRI terms and conditions relevant to the financial and reporting aspects of the programme of work within the project. These will include the additional grant conditions, as explained below.

Grant holders will be expected to report research outcomes through [Researchfish](#). Grants will probably fall under the regular programme of assurance checks carried out on Research Council grants; however, we reserve the right to carry out additional monitoring as required.

Additional grant conditions

Grants will be subject to the [standard UK Research and Innovation fEC grant terms and conditions](#); however, the following additional grant conditions will be added to this call:

Call condition 1: Rate of funding

100% of the EU-eligible costs applied for through the European Research Council (“ERC”) on this grant will be paid for in GBP (£), subject to the maximum exchange rate as given in the guidance.

Call condition 2: Exchange rate

UKRI shall be permitted to change the GBP (£) value of the grant where in UKRI’s opinion there is a significant fluctuation in the GBP: EUR exchange rate from the exchange rate previously used to calculate the GBP (£) value of the outstanding grant sum provided always that:

- i. the GBP value of the grant shall not change more than once in any 12-month period; and
- ii. the revaluation process shall not affect payments which have already been made to the Recipient.

Call condition 3: Virement of costs

The costs on this grant may be vired between any fund headings as required for the delivery of the research.

Call condition 4: Grant portability

The grant is not portable outside the UK. This grant may be transferred between eligible UK research organisations (portable) in accordance with the UKRI Standard Terms and Conditions of the grant.

Call condition 5: Acknowledgment, naming, branding and communications

It is recognised that this grant has passed the ERC's assessment process successfully, but this is a UKRI grant and UKRI must be acknowledged as the funder of this award in any publicity and communications activities.

Call condition 6: Additional reporting requirements

Investigators must assist UKRI with any additional monitoring and reporting requirements on this funding activity, including those requested by the Department of Business, Energy and Industrial Strategy (BEIS).

Call condition 7: Change of Grant Holder

In line with ERC practice changes to the Grant Holder are not permitted.

Call condition 8: Start date of Grant

Notwithstanding RGC 5.2 (as stated in the Standard UKRI T&C's), the start date of the Grant may precede the start date shown in the Offer Letter, and can also be earlier than the issue date of the Offer Letter itself.

Call condition 9: Student costs

Notwithstanding RGC 4.5 (as stated in the Standard UKRI T&C's), student costs may be charged to these grants

Annex 2: Completing the Je-S form on behalf of the grant awardee

The Je-S form can be created and completed by a member of staff at the grant holder's Research Organisation on behalf of the grant holder (Principal Investigator) as long as they have a personal Je-S account. Our step-by-step guide below will guide you through this process:

1. To submit your details to UKRI in the Je-S system, log in to Je-S and follow our guidance on [completing the submission](#).
2. Once the form has been completed, select **document actions** from the top of the screen and then **transfer document ownership** from the drop-down menu:

Home: Documents: Document L

3. You will then be able to select the grant awardee by clicking the **select user** button:

Search **Cancel**

5. The form will now be transferred to the grant awardee.

Annex 3: Registering a Host Institution onto Je-S

Many organisations will already be registered on Je-S, particularly if they are larger or if they have submitted applications to UKRI funding schemes previously. You can check to see if your organisation is already registered by clicking on the 'Je-S Registered Organisations' link on the [Je-S Home page](#).

Those who have never applied to a UKRI funding scheme will need to register before they are able to submit their details to UKRI. This can be done by following the 'self-registration' process as detailed below. Please note that industry hosts should follow the steps below and do not need to complete the IRO (Independent Research Organisation) registration process in addition.

To self-register an Organisation that is not currently on Je-S:

1. Go to the Je-S login screen.
2. Select the link called 'self-registration for organisations' (as shown in the below screenshot)

3. Accept the Terms and Conditions. You will not be able to proceed without accepting.
4. Complete the 'Organisation' page. Please note that there is a restriction on the number of characters available in the Organisation Name field and words such as 'University' should be entered in English.
5. If a 'Potential Duplicates' page appears please check to see if your organisation is listed. Your organisation's name may be listed in a slightly different way (for example, it may be shortened or a word such as 'University' may be listed either at the start or end of the name). Please check this list carefully to avoid creating a duplicate organisation. If your organisation is on the list, please select 'cancel' as this means that it is already registered with Je-S and you do not need to create a new record. If it is not on the list, then please select 'Next Step'.
6. Check the details and select Create Organisation.
7. Organisation registration is now complete.
