No shipping or delivery date stated in a customer purchase order will be binding on Nordson unless the specific date requested is expressly confirmed in a Nordson order confirmation, in which case the order date represents a reasonable estimate subject to the terms and conditions set forth herein. If the Nordson order confirmation does not state a specific shipping or delivery date, then Nordson will use commercially reasonable efforts to promptly fulfill your order but does not guarantee any particular lead time or shipping/delivery date. Any statement or request that an order is conditional upon shipment/delivery by a particular date or that time is of the essence is hereby rejected and will not be binding on Nordson.

Due to the current supply chain and logistics environment, product lead times indicated in Nordson quotes and ship/delivery dates indicated in Nordson order acknowledgements represent the best estimate by Nordson but are subject to change due to challenges in the supply chain and logistics environment. Nordson will not be in violation of the contract nor liable for delays or an inability to fill an order due to causes beyond our reasonable control.

Repair, Commissioning, Assembly and Installation of Equipment

1. A normal workday is 8 hours Monday to Friday 8-00 am to 5pm

Support during Saturday, Sunday and Public holidays is subject to availability.

2. Our repair and installation rates are:

Hour of work	£106,00 per hour
Travel time per hour	£106,00 per hour
Hotel	according to expenses occurred
Flight	according to expenses occurred
Overtime up-charge	£178,50 per hour

3. When travel is by air or rail, the cost of tickets plus any applicable fees such as airport taxes will be charged to the customer.

4. Travel to and from the customer's facility by taxi will also be charged to the customer.

5. Nordson will also charge for any expenses incurred for the transporting baggage and tools required for the work.

6. All expenses will be invoiced upon completion of the job.

7. Payment is due, in full, upon invoicing.

8. When equipment is to be assembled / installed, any necessary construction must first be completed so that the installation of the delivered equipment can begin immediately and be completed without interruption. The spaces in which the equipment is assembled and installed must be sufficiently protected from the elements, well lit and adequately heated.

9. The customer will provide a dry, well lit and locked space that is properly monitored and guarded for storage of the delivered parts, equipment, materials, tools, etc.

10. The customer will provide the following items at his own expense and before the work commences:

1. Trained technicians / suitable operators in the quantity stipulated by the supplier.
2. Devices and consumables (workbench with vice, drills, welders, etc.) required for assembly and startup
3. Lifting and transport equipment

11. Secure changing and washing areas are to be provided.

12. If work is delayed for reasons beyond our control, the customer is responsible for all ensuing expenses, particularly waiting periods and additional technician travel. This also applies if some components of the delivery cannot be operated or used immediately upon completion of work, if the delay occurs through no fault of ours.

13. If we cannot promptly dispatch technicians due to lack of personnel or force majeure, the customer does not have a valid claim against us.

14. We are liable only for the proper execution of the work included in the scope of our delivery, any further claims excluded. Objects can be modified or reinstalled only at our discretion. We are not liable for any work performed by the customer or performed upon the express wish of the customer contrary to our instructions.

15. The customer is requested to provide written confirmation of hours and work performed, signed by an authorised person, daily, weekly or, when the job is shorter, upon completion of work; the signatures indicate the customer's consent.

16. Acceptance and commissioning reports will be requested of the customer separately.
