Dear Vice-Chancellor or Principal

Notice of funding

- 1. Research England has received further funding from the Department for Science, Innovation and Technology (DSIT) to be allocated to higher education providers (HEPs) for financial years (FYs) 2023 to 2024 and 2024 to 2025. This is in addition to the funding allocated in August and September 2023¹. This new funding arises from the International Science Partnerships Fund (ISPF) and comprises:
 - ISPF Institutional Support Grant (ODA) funding of £25.9 million for FY 2023 to 2024 and £21.1 million for FY 2024 to 2025

ISPF Institutional Support Grant (ODA) funding

2. HEPs that participated in the most recent Research Excellence Framework (REF 2021) and that are Office for Students (OfS) approved (fee cap) providers are eligible to receive this funding. This funding has been allocated to eligible HEPs in line with historic official development assistance (ODA) funding received by HEPs, including Global Challenges Research Fund (GCRF) and Newton Fund amounts, as well as UKRI Research Council

¹ www.ukri.org/publications/research-england-grant-allocations-to-heps-2023-to-2024

- competitive grants not originally designated as ODA that were subsequently found to meet ODA eligibility criteria (also referred to as 'other ODA').
- 3. The grant must only be used to fund activities that are ODA compliant as defined by the Organisation for Economic Co-operation and Development (OECD)². To be ODA compliant, all funded activity must have the promotion of the economic development and welfare of developing countries on the OECD's Development Assistance Committee (DAC) list³ as its main objective; and be concessional in character.
- 4. UK ODA funding is governed by the International Development Act 2002⁴ as amended, and the International Development (Gender Equality) Act 2014⁵ which requires that aid must be "likely to contribute to reducing poverty in a way which is likely to contribute to reducing inequality between persons of different gender". Therefore, activities funded through ISPF Institutional Support Grant (ODA) funding must adhere to this legislation.
- 5. ISPF Institutional Support Grant (ODA) funding received by HEPs must be spent in full by the end of the financial year in which it is received. ISPF Institutional Support Grant (ODA) funding spend for this FY 2023 to 2024 can be backdated to the date on which Research England received confirmation of this funding from DSIT (30th October 2023).
- 6. This funding provides flexible institutional grants that can be used strategically to support ODA eligible activity only. This may include underpinning ISPF activity funded through other delivery partners, or by directly supporting research that addresses the problems faced by developing countries that are not funded through the ISPF grants of other delivery partners.
- 7. As directed by DSIT, the ISPF Institutional Support Grant (ODA) shall not be used to deliver activities within, in partnership with or that otherwise benefit China⁶.
- 8. As part of necessary monitoring requirements on this funding, HEPs in receipt of this grant are required to include this funding in their routine annual accounting reporting.
- HEPs in receipt of this funding may also be subject to monitoring spot checks by Research England on behalf of DSIT, providing programme level examples of how they have spent this funding in line with ODA compliance requirements in quarters 2,3 and 4 of FY 2024 to 2025.
- 10. HEPs offered ISPF Institutional Support Grant (ODA) funding must either opt in or opt out of receipt of this funding for each of FY 2023 to 2024 and FY 2024 to 2025 by 12.00pm Tuesday 5th December using the following link (ISPF Institutional Support

⁶ UK Parliament statement: Ending BEIS ODA spending in China

Grant allocations for financial years 2023-2024 and 2024-2025 (office.com)). This deadline is in place so that Research England can process payments to HEPs that opt-in to this funding as quickly as possible. This form must be completed on the authority of an individual responsible for funding decisions within the HEP. Failure to confirm a HEP's decision by this deadline, will be received as the HEP opting out of receiving this funding.

- 11. HEPs that opt in to receive these grants agree this funding will be spent on ODA eligible activity only². Use of this funding in a non-compliant manner will be considered to breach Research England's Terms and Conditions of Grant⁷.
- 12. HEPs that opt in to receive this funding but then subsequently fail to spend it within the required period on ODA eligible activity may have these funds recovered by Research England. HEPs will need to carefully consider whether they will be able to spend this funding in a compliant manner within the time required when they decide to either opt in/accept or opt out/decline this funding.
- 13. Any ISPF Institutional Support Grant (ODA) funding for FY 2023 to 2024 that is rejected by HEPs through the process above will not be reallocated. ISPF Institutional Support Grant (ODA) funding for FY 2024 to 2025 will only be allocated to those HEPS that have confirmed acceptance of this funding for FY 2024 to 2025 through the process detailed above.
- 14. Initial allocations for the ISPF Institutional Support Grant (ODA) funding for FY 2023 to 2024 are shown at Annex A. Allocations for HEPs that confirm acceptance of the funding (as described above) will be added to Table 5 of workbook Research England grant allocations data 2023 to 2024 in December 2023, and will be paid in January 2024.
