Frances	Mair	CARP Member	One off input to the MRC Non-Clinical Research Training Fellowship Panel 2024	FRCGP Member Society of Academic Primary Care Member North American Primary Care Research Group Member of the British Medical Association FRSE	Norie Miller Professor of General Practice, University of Glasgow Director Multimorbidity PhD programme for Health Professionals (Wellcome funded), University of Glasgow. NRS Primary Care Network Lead (funded by Chief Scientist Office (CSO) Scotland.	My University receives grant funding from Wellcome, MRC, EPSRC, UKRI, Chief Scientist Office Scotland, Innovative Medicines Initiative (IMI 2) a Joint Undertaking of the European Union and the European Federation of Pharmaceutical Industries and Associations (EFPIA) for research that I undertake (I myself, do not receive any personal financial gain from this work). I also helped to develop an app for low back pain "SelfBACK" through an EU Horizon 2020 grant (again my university received payment for this work). This app is now being commercialised and again my University (not me personally) will receive a share of any profits from that commercialisation. I have also contributed to the development of Normalization Process Theory and have promoted its use through my research. I have also promoted a move towards "Minimally Disruptive Medicine" which promotes kind and careful care that is person centred. This work is unfunded.	None	None	None	My husband has given talks on cardiac issues sponsored by device or pharmaceutical companies like St Jude and has received honorariums for this, he is a cardiologist. He is not a member of a speakers' bureau.
